Honda Manual Transmission Identification

Thanks guys! I'm going to do an oil change early next week on it, I'll look all over the transmission from under the car to find more markings to figure out what it is. It is a hydro, no cable trans and the engine is a B16A (sorry to leave that info out I haven't driven the car enough to figure out if its LSD.

Transmission Identification? | ClubCivic.com - Honda Civic ...

Honda has long built nearly all of its own automobile transmissions, unlike many other automobile manufacturers which often source transmissions from external sources. The most notable exception was in 2014, when Honda decided to forego an in-house designed transmission and chose the ZF 9HP transmission for their Acura TLX V6 model, later extending the offering of the ZF transmission to the ...
