Does anyone know what other international equipment used the D239 engine? Mine has a broken block. thanks: Robert : I have an IH Payhoe 260A backhoe that I believe has a D239 diesel engine. I put a new oil gauge on it. It starts out at 35lbs pressure and slowly drops to below 5lbs at idle once it warms up. It will hold above 5lbs above idle.

I have a IH 684 with the D239 engine and am kicking around the idea of adding a turbo to it. I know this engine was factory turboed in the TD8E crawler loaders but I have not been able to find out any other info like was there any internal engine changes between the two, or did the injection pump on the turbo model have a feature like the 5.9 Cummins 12v P-pumps that sensed boost and adjusted
