Hi, Unfortunately that will not be easy. You can contact Samson Cables as they sometimes stock battery covers for the old 12C which should fit the 11C.. See here: 12C battery doors Note that you need the 12C Early Model (small, pictured) as the others will NOT fit.they currently do not show stock - email or phone them.

HP-11C ; Most scientific calculators allow you to "force" the display to use (or to not use) scientific notation. Many calculators allow you to set the number of decimal places displayed. (Some calculators also have an option for "Engineering notation", which is a variation of Scientific notation. Not important for most people.)

### **HP-11C scientific calculator - b Bruner**

HP-11C The HP-11C was a mid range scientific programmable calculator. Compared to the previous series it would fall between the HP-33E/C and HP-34C. It also included two new features: a built-in random number generator and a backspace key that allowed numbers to be corrected a digit at a time.

This effectively dumps any residual charge from the calculator. Now, reinstall the batteries and try turning it on. Assuming this doesn't work I'm afraid you're in the market for a new calculator. HP no longer repairs these so your best bet will be to replace it with the HP35s. The 11c can be found on ebay but they are extremely expensive. Good ...
