### **How To Reference A Lab**

References Page. Begin with the name of the issuer of the manual, such as a company, a college department or an instructor. If it is an individual, list the last name, a comma and initials. Add a period. Insert the publication year within parentheses. Add a period. Next put the italicized title of the manual in sentence case with a period.

### **How to Reference a Lab Manual in APA Format | Pen and the Pad**

Start with the department name as the author. An APA citation normally starts with the name of the author of the reference being cited. However, if you're citing to a lab manual, you'll use the name of the university department for which the lab manual was created instead. Follow the department name with a period.

### **How to Cite a Lab Manual | wikiHow**

If you're writing a lab report for a science class and find that you need to quote or paraphrase information from another source, it's important to cite the source properly. You must cite basic information about the source within the text to let the reader know that you're borrowing from the another author's work. ...

### **How to Cite References in a Lab Report | Pen and the Pad**

The Citation-Order System (typically used in engineering--IEEE documentation). Citations: When you cite the sources of information in the report, you give a number in brackets that corresponds to the number of the source listed in the order in which they appear in the report, the source listed first as [1],...

### **Citations and References: Documenting your Sources**

Therefore, lab manuals are a very rich source of information that may prove useful to students in that particular area of study. However, the catch is learning how to cite a lab manual APA. Learning how to cite any source of information can be a daunting task, let alone a source such as a lab manual.

### **Learn How to Cite A Lab Manual Correctly Online | Cite 4 Me**

If the lab manual was created by a staff member or department of the school and is only available through the class, cite it as an unpublished work. If a department prepared the manual, use it for the name in the citation.
