HeartStart Home Owner's Manual Edition 10 IMPORTANT NOTE Time is critical in treating sudden cardiac arrest! Survival rates are directly related to how soon victims are defibrillated. For every minute of delay, the chance of survival drops by about 10%. However, it is important to understand that defibrillation cannot always assure survival.

HeartStart Home Owner's Manual - Philips

This chapter briefly summarizes the defibrillator's operation. This information is intended for the service person and is not a substitute for the information in the user manuals. Refer to one of these manuals for more comprehensive and detailed operating instructions.

Introduction - Ardus Medical

These operating instructions describe LIFEPAK 12 defibrillator/monitor devices with software version 3011371-065 or later. Older devices may not have all the features described in this manual. Software version 3011371-106 or later will not work in monophasic devices. Operating Instructions Version Operating Software Version*
