Component parts of the equipment sets The books of exercises and sets of equipment complement one another. For 15 of the 20 exercises, all you require are the components for basic level TP101. Assembly of the circuits for five of the exercises, however, requires a second set of equipment of the basic level.

Pneumatics, Basic level (Workbook) - Inicio

Festo electro hydraulics basic levels-textbook. In this exercise, only the return stroke should be throttled; the advance stroke should remain unthrottled. The throttle point therefore has to be bypassed during the advance stroke using a check valve. Throttle and check valve are available as a single unit.

Festo electro hydraulics basic levels-textbook - SlideShare

All hydraulic components are equipped with self-closing couplings. These have been designed in particular to be free of leaks, enabling circuits to be assembled and dismantled with virtually no oil leakage, while at the same time allowing connections to be made with very little effort. A coupling consists of a nipple and socket. Connections are ...
