Over the next few decades, the company adopted the name of the renowned luthier, and began exporting their own guitars. Ibanez initially gained worldwide attention by shifting their production focus away from original budget-friendly models, and crafting extremely high-quality versions of famous American guitars.

### **Ibanez Electric Guitars | zZounds**

Ibanez acoustic-electric guitars have always been good quality guitars, and this one is no different. It doesn't have the boomy sound that a larger, dreadnaught-style acoustic will deliver, but the pickup makes up for that. You also get a built-in tuner, and the battery compartment is the slide-in type, which is much better than the snap door ...
